

Dear friends,

With your generous support, we raised over **\$51,000** during our 2011 holiday campaign! We cannot thank you enough for supporting Freedom House and our mission to restore the lives of human trafficking survivors.

One of our residents, Lana (fictional name), wanted to share a message with Freedom House supporters:

Freedom House is a place I thought no longer existed in this world. When I was forced to become a prostitute, I saw the ugly my family warned me of, and I believed that the world no longer possessed good. This house, this home that the staff have worked so hard to create, is a place for women like me to feel safe and see what beauty God has to give. My only wish for Freedom House is that it expands around the world to help so many more people that are in need of the love that is created in this house.

Lana successfully graduated from our program this year, and has found a new job and housing. She is excited about her future and keeps in touch with Freedom House staff about her progress.

With your help, we are able to provide Lana and other human trafficking survivors a safe home to live in and the care and services they need to start a new life. Thank you for your generosity and support. Together, we can make a difference in these women's lives.

Sincerely,

Jaida Im
Executive Director
Freedom House

Join our cause! Here are two ways to get involved:

Freedom House Volunteer Training in March 2012

Become an advocate or shelter volunteer by attending our volunteer training.
